

THE HIGH QUALITY MOBILE STORAGE SOLUTION

ScanCell® is our range of high quality mobile storage solutions that utilises our modular system of trays and baskets. The ScanCell® range is fully customisable and has a wide range of clever accessories which create a wealth of design combinations.

ScanCell® products are built from high-quality materials which have been carefully selected to meet rigorous durability targets and strict hygiene criteria.

INTRODUCTION

The mobility of ScanCell® trolleys enables easier work processes for treatment procedures and greater access to surrounding areas when cleaning. ScanCell is without a doubt the flagship within mobile storage solutions and we are not surprised that it has been a consistent source of inspiration for many manufactures.

TOP 5 FEATURES FOR ScanCell®

- ScanCell® fully integrates with our modular system
- Equipped with 4 swivel wheels (2 with brakes)
- Hygienic and ergonomic design
- Available in seven different colours
- VARIO™ side panels that can be used with relief wheels and safety stops

MORE INFORMATION

Our consultants are available to guide you through our full product range and design specific solutions for your unique storage and logistical needs.

THE ScanCell® SYSTEM

Building on our ISO certified modular system for trays and baskets, you can customise your own trolley from four easy steps.

1. Choose a front for the trolley.
2. Determine the trolley's dimensions.
3. Configure the trolley with trays and baskets.
4. Improve the trolley with our wide selection of accessories.

Please see the following page for a simplified overview. The ScanCell® series provides full flexibility in customising a product to meet your criteria and needs, whilst being fully integrated in the overall modular system. With more than 5,000,000 combinations possible ScanCell offers you a one stop mobile storage solution from the central storage function to the point of usage.

With the ScanCell® system we have catered to all your needs for mobile storage. Each trolley is fitted with four high quality swivel wheels for increased maneuverability. ScanCell® products are built from high-quality materials which have been carefully selected to meet rigorous durability targets and strict hygiene criteria.

The mobile and customisable ScanCell® trolleys enables easier work processes for treatment procedures and better access to surrounding areas when cleaning.
